AMJAD SHAH

AI VIDEO CREATOR AND VIDEO EDITOR

PROFILE

AI video creator and short-form editor working with Higgsfield, Kling and CapCut. Combines generated scenes, visual storytelling, pacing, transitions and on-screen messaging. Completed a 29-second CreADE product commercial for LumeX Creative and develops visual experiments through a personal creative channel.

EDUCATION

IQRA UNIVERSITY

Islamabad Campus

B.E. Software Engineering

In progress | Semester 7

SELECTED EXPERIENCE

CreADE Product Commercial

Client project | Created for LumeX Creative

- Created AI-generated product and lifestyle scenes and edited a completed 29-second commercial.
- Combined scene sequencing, movement, transitions and on-screen messaging into a concise product story.

Watch the commercial

Personal Creative Channel

Self-directed work | @saber_arts0

- Create animated reels and visual experiments exploring atmosphere, imagery and movement.
- Develop visual concepts through AI generation and short-form editing beyond client briefs.

CREATIVE APPROACH

Plan the visual concept, sequence scenes around the product story, and refine timing, continuity and messaging in the edit.
